Content is skating and music. The focus is on bands I see play and skaters that I skate with. What local CHAOS! is NOT trying to be is a total coverage of whats going on out there. NO single 'zine or website can ever make that claim. There is a LOT that goes on that NEVER gets reported on or whatever. In fact .. the best sessions and shows go unnoticed to the general public. TOTAL underground.

One more thing ... local CHAOS! will ALWAYS be available for FREE of CHARGE. The 'zine will at times list "supporters" but will never accept paid advertising. I'm not into that at all. Once money exchanges hands then that takes the project to a different level. A "commercial" level that I do NOT want to be a part of.

Condenada came to town and blew minds. Go buy their music, go see a show. Get your mind blown. Seriously.

# Charlotte, Michigan

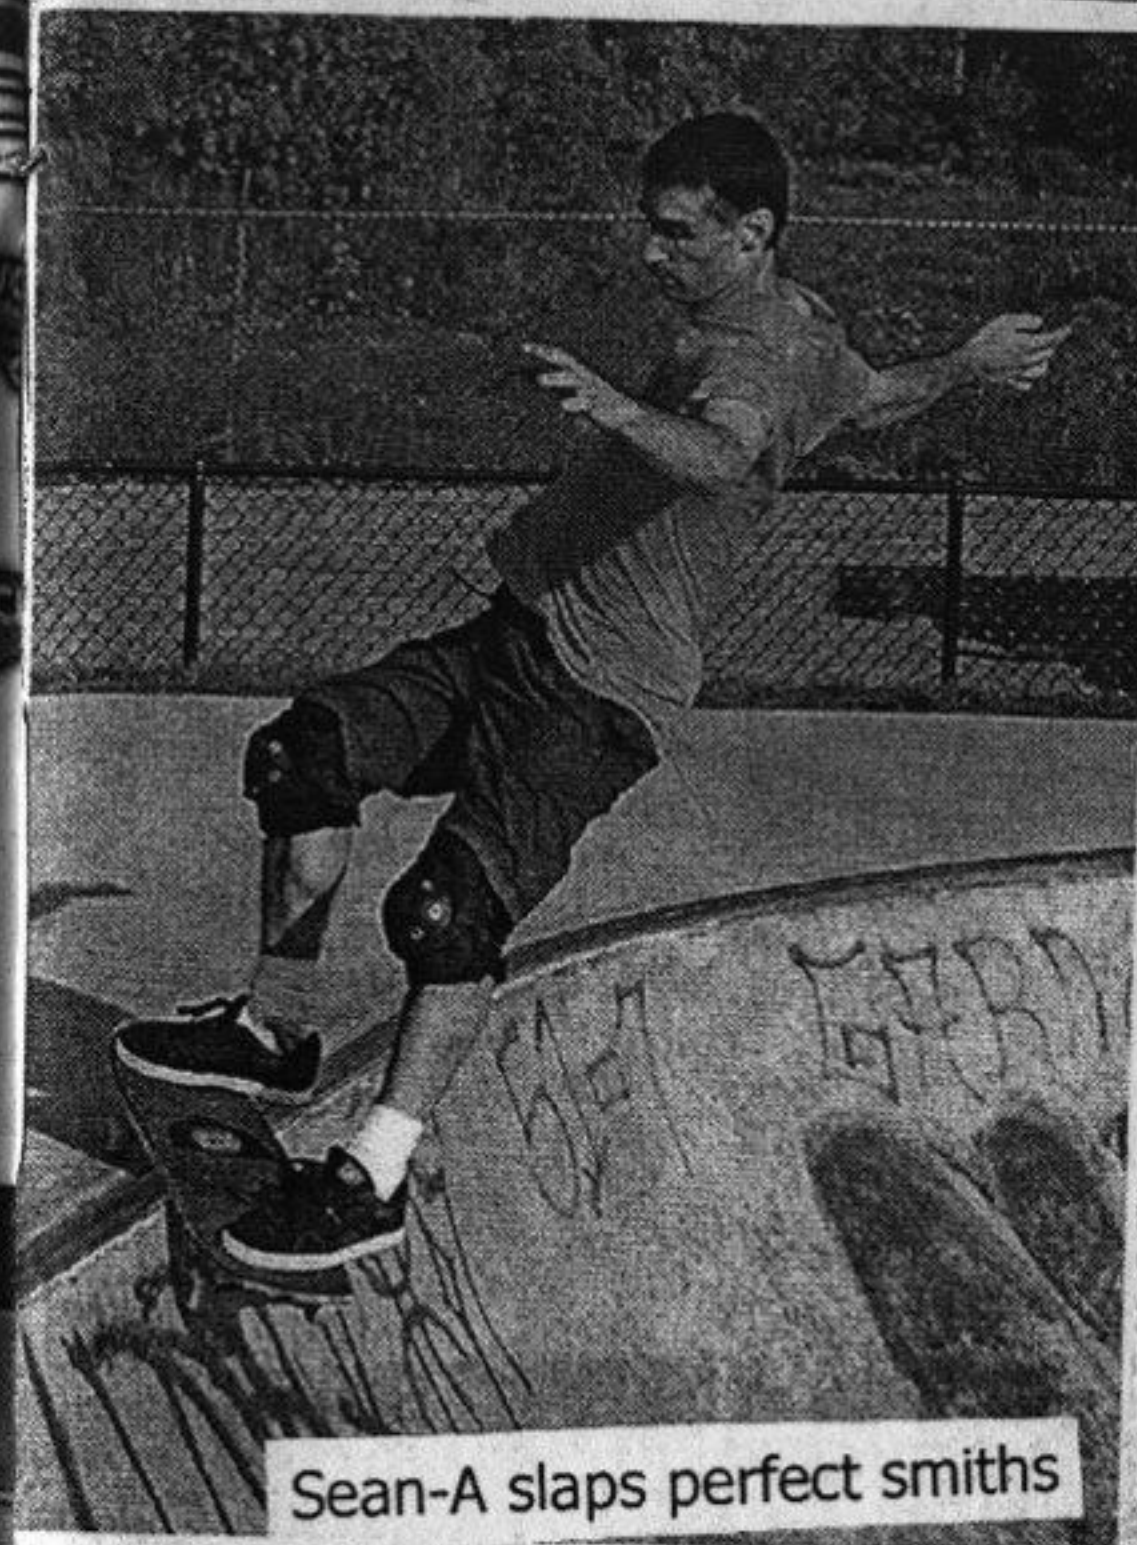

Phone calls were made, plans were finalized and soon we would be on the road. Charlotte has been one of our fave places to skate this summer. The bowl from shallow to mid to deep has a nice flow to it and offers many lines. There is a banked area too. We dont skate that area often .. if at all. Usually after we show up all the bikes end up over there. Yea.. it seems we always dominate the pools we skate.

The drive out was pretty uneventful. As we pulled into the parking we see familiar skates. Garold Vallie, Mike Mozola and Jackson Greg were there and RIPPING. Nice.

Not sure what else to say. I mean .. dig the pictures of skaters doing what skaters do
